

## MAYWUFA COMPANY LTD. Report on the implementation of corporate social responsibility in fiscal year 2022

Item	Execution Scenarios
1	Our company's official website has established a dedicated sustainability section, disclosing the actual implementation status of various significant sustainability initiatives that the company continues to drive.
2	Our company has formulated practical guidelines for sustainable development, which are available on the official website and accessible to all colleagues within the company through a network-attached storage system (NAS). We have also enhanced relevant preventive measures and conducted educational outreach.
3	Our company's official website has established an employee complaint section, allowing employees to have the right and channel to access information and express their opinions regarding the company's business management activities and decisions.
4	Our company's official website has established a customer complaint section, providing consumers with a transparent and effective consumer complaint process for our products and services. This ensures fair and timely handling of consumer complaints.
5	Our company practices waste sorting on a regular basis, and at the end of each year, we carry out recycling and reutilization of paper materials by sending them to paper mills for processing.
6	Our company's Yangmei factory is equipped with certified wastewater treatment facilities, ensuring the prevention of water resource pollution.
7	Our company has signed labor contracts with all employees, and the terms of these contracts comply with the relevant laws and regulations pertaining to human rights, gender equality, labor rights, and benefits.
8	Our company has obtained relevant certifications such as ISO, cGMP, and GDP, and follows the domestic regulations set by the Ministry of Health and Welfare concerning pharmaceutical production.
9	Our company has established guidelines for personal data protection management and adheres to relevant regulations such as the Personal Data Protection Act. We are committed to respecting consumers' privacy rights and safeguarding the personal data they provide.
10	In January 2022, we sponsored the publication of the new book "Embrace Each Day with Good Sleep" by the esteemed authority in sleep medicine, Professor Li Xueyu. This initiative aims to enhance the professional knowledge of sleep specialists, promote a deeper understanding of sleep medicine among the general public, and encourage greater concern for personal health and well-being.
11	In March 2022, we sponsored the "2022 World Cancer Day - Ribbon of Hope Event" initiated by the Cancer Hope Foundation. We donated 11 cancer-fighting artistic "Ribbon of Hope" plush toys, which were displayed at the Dapeng Bay National Scenic Area in Donggang, Pingtung. This initiative aimed to create the nation's first public art installation themed around cancer awareness and advocacy.
12	From May to November 2022, we sponsored the Taiwan Society of Palliative Medicine, which included several events and activities. In May and July, we supported the Cancer Palliative Care Seasonal Meetings held in the Central and Northern regions. Additionally, we sponsored the Early Palliative Medical Care Seminars in the Taitung region in May and August, as well as in various locations in the Northern region. In November, we also sponsored the Annual Meeting and Academic Symposium. Furthermore, we provided sponsorship for the publication of the Cancer Fatigue Treatment Guidelines in an international journal. This initiative aims to enhance and advance the quality of medical care in cancer fatigue treatment through increased awareness and improvement efforts.
13	In May 2022, we sponsored a lung cancer patient research project at Chung Shan Medical University Hospital. This initiative aims to enhance the quality of cancer treatment, alleviate the side effects of cancer therapy, and provide care for the health and well-being of cancer

	patients.
14	In June 2022, we sponsored the Taiwan Formosa Health Education Association to hold a Breast Cancer Health Education and Academic Seminar. This initiative aims to provide care for breast cancer patients, as well as to enhance public awareness and understanding of breast cancer disease.
15	In July 2022, we sponsored a retrospective case data study on COVID-19 severe patients. This initiative aimed to assist in the fight against the pandemic, promote new developments in COVID-19 treatment, and safeguard the health of our nation's citizens.
16	In July 2022, we sponsored the Thyroid AI Clinic at Cathay General Hospital in Xizhi. This initiative aimed to streamline clinical operations, enhance the efficiency of thyroid nodule detection, and ultimately improve patient well-being.
17	In August 2022, we sponsored the Good Liver Foundation, a non-profit organization. This sponsorship was aimed at enhancing the professional knowledge of medical personnel in treatment and care, ultimately contributing to the improvement of public health awareness.
18	In August 2022, we sponsored the Good Corner Medical Research Fund, aimed at enhancing the medical quality of esophageal cancer treatment. This initiative aims to assist patients and their families in their fight against cancer while maintaining a good quality of life during the treatment period.
19	In September 2022, we sponsored the North First Girls' High School's Color Guard team to participate in the Rose Parade performance in the United States. This sponsorship aimed to support student education and enhance the international image of the school.
20	In October 2022, we sponsored the Donggang Township Office in Pingtung County to give back to the community. This sponsorship aimed to create a scaled-down version of the "Donggang Station" in proportion, replicating a classic historical scene.
21	In November 2022, we sponsored the Taiwan Stroke Society to enhance clinical medical care in the long-term rehabilitation and care of patients after a stroke. This initiative aimed to elevate the overall quality of medical services in this area.
22	In November 2022, the research and development department undertook a comprehensive review to identify and address vulnerabilities and threats in the product source code from a cybersecurity perspective. This initiative aimed to safeguard customer information, network-related equipment, and facilities while upholding patient privacy.
23	In December 2022, we transitioned to using electronic certificates for patents and trademarks. This move was aimed at saving storage space, reducing paper usage, and aligning with environmental conservation efforts.
24	In December 2022, we sponsored the Cheng-Hsing Medical and Educational Foundation to advance new developments in surgical procedures for sleep apnea, aiming to enhance public awareness of sleep health.
25	In December 2022, we sponsored the Cancer Hope Foundation to create educational videos and pamphlets on cancer awareness, enhancing communication between healthcare professionals and patients. This initiative aimed to provide accurate and comprehensive information on cancer fatigue treatment to patients and the general public.
26	In December 2022, we sponsored the Taiwan Neurotrauma and Critical Care Society's neurosurgery resident education and training program. This initiative aimed to enhance and refine the medical knowledge of physicians, improving the application of clinical medical practices in the long-term rehabilitation and care of patients with traumatic brain injuries.
